Am 3. April 2009 erschienen in Großbritannien und kurze Zeit später auch in Deutschland drei nett anzusehende CDs, die die musikalischen Wurzeln der BEATLES, von LENNON, von McCARTNEY zum Thema haben. Zusammengestellt wurden Songs, von denen die meisten irgendwann mal von den BEATLES, von LENNON, von McCARTNEY in deren Repertoire aufgenommen wurden, teilweise sogar als eigene Aufnahme veröffentlicht wurden.

Die CDs beinhalten durch die Bank gute Zusammenstellungen, bei denen Auch Aufnahmen renommierter Musiker dabei sind: Elvis Presley, Little Richard, Carl Perkins, Buddy Holly und Chuck Berry, um nur einige Namen zu nennen. Wer sich für die Musik interessiert, die angesagt war als die BEATLES ihre Karriere begannen ist mit diesen CDs gut bedient - wenn er nicht die meisten Aufnahmen sowieso schon hat.

Mehr Information in THINGS 161.

Inzwischen vergriffen - noch Einzelexemplare:

Das Buch *THE BEATLES FILM & TV CHRONICLE 1961 - 1970* ist das vielleicht beste Buch zu diesem Thema.

Montag, 29. August 2005: **BUCH *THE BEATLES FILM & TV CHRONICLE 1961-1970.*** 39,90 €

Autoren: Jörg Pieper and Volker Path. Hardcover; Hochformat 24 cm x 17 cm; 448 Seiten; englischsprachig.

The book is the result of more than 10 years of research, including countless hours spent studying the footage - some of which was undated and untitled - in an attempt to catalogue each and every minute in chronological order. Details every second of moving pictures that is known to have survived through the years. Television shows, concerts, promos, feature film projects, documentaries, newsreels, private footage, avant-garde films - every single frame of film is covered in this book! The chronicle kicks off with a bang, as the first entry details a previously undocumented colour film of the BEATLES on stage in Hamburg in 1961. Then the journey continues through the band's early appearances on television in Britain, their conquest of America and the world, on to their big-screen adventures and pioneering use of promotional films, right until the end of 1970, the year of the BEATLES' break-up. Also included are details of many private films and home movies from archives and collections around the globe. Moreover, the BEATLES Film & TV Chronicle contains a complete rundown of all UK television shows that featured an appearance of the BEATLES or any of its members. This amazing book is the first to present the complete story of the BEATLES on film and television, offering a fresh and unique perspective on one of the most exciting phenomena in the history of pop and rock music. This thoroughly detailed and meticulously researched volume attempts to set the record straight about exactly what footage of the BEATLES still exists in the numerous film archives around the world. Released on 28th of August at the BEATLES Week in Liverpool.

Das Buch *THE BEATLES IN BELGIUM* beinhaltet die Veröffentlichungen von den BEATLES und Solo-BEATLES, die in Belgien erschienen sind - und das sind nicht wenige.

Donnerstag, 27. März 2008: **BUCH *THE BEATLES IN BELGIUM*** 29,90 Euro
