Inhalt: Acknowledgements; Prologue – The charmer and chancer who John Lennon asserted was the main man; Missing Macca at the Cavern – again – and those early Beatles days that led to the crazy steamy but character building Hamburg nights; How to cops and council wimps screwed up Allan's – and Britain's – first open air pop festival; The tale of the bull's testicles and 'rocking' adventures on the Spanish Costas; A spell in a Welsh jail looms and hard days nights at the Blue Angel as celebrities line up to be insulted; Yet for all those friends and lovers, there is no one compared to Beryl Adams and Bob Wooler; Letting rip in Russia and Georgia as Allan's 'new' Beatles-Blitz plan collapses into a shambles; Allan tells Blitz to 'f**k off', just like the Fab Four, but 'at least they could play'....and gives the Russians a run for their roubles while painting Moscow red; The frolics continue in Moscow as Allan is nearly murdered by a jealous husband and is then accused of stealing a war hero's medal; The endless long and winding road peddling those Mop Top memories across the globe but banned from America's biggest Beatlesfest!; Yoko gets an ear bashing from Allan as she makes an urgent early morning telephone call from New York, then a Jacaranda musical hits the skids in the Big Apple; Allan gets a rollicking from Yoko as he tries to flog her 'stolen' rare Beatles BBC film footage but he insists... Hey! It was just borrowed, sort of... ; Sure the two surviving Beatles are my buddies, I hope'...although Paul McCartney might argue differently after the 'Leather Trousers' fiasco; Showbiz courses through Allan's blood thanks to his promoter Dad , who might well have booked McCartney's father's band; Jane Asher scoffs at Allan's 'pecker' after she watches in awe as he simulates sex – in the nude – with a goat on the stage of the National Theatre!; The beat goes on and Allan swears that he'll probably see them all off ... apart from his blood brother White Cloud, chief of the Ojibway tribe; Backward into the future by Peter Grant; The Sting in the Tale – the day Allan gave Bill Haley a rocket.....and the sack!; Sources and bibliography.
